为清新的空气和人们的健康努力

芬兰赫尔辛基大学主办的空气质量课程

WORKING FOR CLEANER AIR AND BETTER HEALTH

Finnish air quality education by the University of Helsinki

需要解决空气污染问题吗?
您团队的知识是最前沿的吗?

赫尔辛基大学为环境政策制定者，医疗健康领域工作者，
工程师以及其他专业人士提供有关空气质量问题的短期课程

本课程包括

- 城市空气质量
- 空气污染与健康
- 室内空气质量
- 污染物大气循环周期
- 空气污染问题的解决方案

NEED TO SOLVE AIR POLLUTION QUESTIONS?
IS YOUR ORGANIZATION'S KNOWLEDGE UP TO DATE?

The University of Helsinki provides intensive short-term courses for policy makers, health professionals, engineers and other experts working with air quality issues.

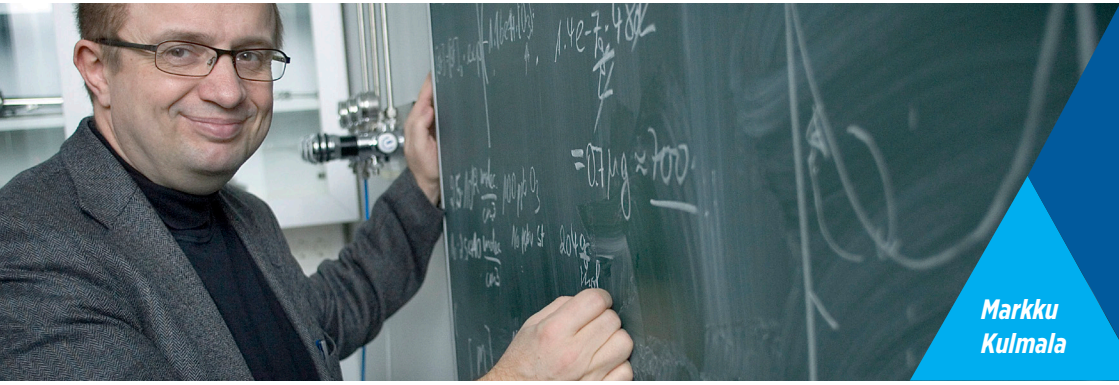
THE COURSE COVERS:

- Air quality in the cities
- Air pollution and health
- Indoor air quality
- Life cycle of air pollutants
- Solving air pollution problems

时代变革中的空气质量问题

赫尔辛基大学提供基于研究成果的教育课程

芬兰赫尔辛基大学大气科学系是世界一流大气科学研究机构，特别在大气气溶胶领域有杰出的声誉。大气科学系系主任 Markku Kulmala 教授，是现今地球物理学类期刊被引用最多的科学家。什么是良好的空气质量？我们该如何去营造？欢迎来与 Kulmala 教授和世界顶尖的空气质量专家们交流学习。



Markku Kulmala

AIR QUALITY IN A CHANGING WORLD

RESEARCH-BASED EDUCATION BY THE UNIVERSITY OF HELSINKI

The University of Helsinki, Finland, is the state-of-the-art research institute globally in atmospheric sciences, especially in the field of atmospheric aerosols. The leader of the Division of Atmospheric Sciences, Professor Markku Kulmala, is the most cited author in the scientific geophysical journals. What is good air quality and how do we achieve it? Come to learn how with Prof. Kulmala and other world's leading experts.
