

# Veterinary Medicine Innovation Clinic

Do you want to know if your research has commercial potential or something that interest businesses? Do you have an idea that you think could have value for companies? Or are you interested in setting up a company based on your own research? Come discuss with our experts face to face!

**Welcome to Innovation Clinic on December 13<sup>th</sup>!**

**Where: Viikki, Clinicum, Room Alitalo**

This event is part of the Faculty's **BUSINESS COLLABORATION ACCELERATOR PROGRAMME** (<https://blogs.helsinki.fi/andaction/accelerator-for-faculties/>)

**To sign up for the intro session at 9.00-10.00 AM go to <https://elomake.helsinki.fi/lomakkeet/92953/lomake.html>**

**And/or to sign in for an own 1-to-1 session with the HIS experts; a 30 min meeting with HIS the same day in the same place, go to <https://doodle.com/poll/wnib3fac8kc9vnf4>**

**Helsinki Innovation Services HIS**, the technology transfer unit of the university, responsible for inventions, intellectual property rights protection and downstream commercialization, is here to answer your questions.

You may have specific issues you would like to discuss, or you just want to have a more general chat about innovation / tech transfer / commercialization funding etc. Come and talk to us, we would love to learn about your research.

What aspects of my research could have commercial utility?

Is my newest research result an innovation? Can it be patent protected?

What are the benefits of commercialization and how does it help me/my research?

What does commercialization mean? Do I need to get involved?

### **Program:**

From 9 am - 10 am we will have a short introduction of HIS and the University's commercialisation policy. After this we will proceed to have 30 min one-on-one meeting with researchers and discuss the potential of your research when it comes to innovation or simply answer any commercialization questions you may have.
