

Laboratory of Fibre and Cellulose Technology, Åbo Akademi

Three-day intensive course 11-13. May 2011

Cellulose Technology

(5 credits)

Cellulose raw materials and characterisation

Prof. Pedro Fardim, Åbo Akademi University, Åbo, Finland

Cellulose chemistry

Prof. Thomas Heinze, Friedrich-Schiller-Universität, Jena, Germany

Rheology of cellulose solutions

Dr. Jan Gustafsson, Åbo Akademi University, Åbo, Finland

Direct dissolution and Dry-Wet Shaping of Cellulose

Dr. Frank Meister, Thuringan Institute for Textile and Plastics Research, Rudolstadt, Germany

Industrial applications of cellulose

Industrial Partners

PAPSAT
BIOREGS
