

Language Centre approach – smooth start to language studies

Pedagogical practices supporting language learning

- Varying course designs
- Language learning integrated in substance studies
- Special courses for students with learning difficulties
- Teacher tutors
- Teaching programme designed together with Faculties

Advisory practices (poster)

- ✓ Kaleidoscope
- ✓ Info letter
- ✓ Orientation sessions
- ✓ Study advisors
- ✓ Teacher tutors
- ✓ Flamma + WebOodi

Future challenges in LC teaching

- Transition from school to university
 - Current lack of mutual knowledge of language studies and teaching at upper secondary school and LCs. Calls for new contacts and cooperation between schools and LCs
 - A greater level of independent study planning and work required at the University compared to school
- Language studies in students' personal study plans (PSP)
 - Currently deals with language studies mechanically
- LC teaching and workplace language changing needs
