

## **INFORMATION ON THE QUESTIONNAIRE ON EVERYDAY LIFE IN FAMILIES WITH CHILDREN DURING THE CORONAVIRUS LOCKDOWN**

### **RESEARCH DESCRIPTION**

The questionnaire is carried out in collaboration between the University of Helsinki and Åbo Akademi University, and it is available from 17 April to 30 June 2020. The aim is to obtain up-to-date information on the everyday experiences and arrangements of families with children in Finland during the exceptional circumstances of the Coronavirus lockdown.

The questionnaire is targeted to parents with children under 18 years old. It is anonymous and answers will be used only for research purposes. The questionnaire is available in Finnish, Swedish, Russian, English and Spanish.

Our aim is that the results can strengthen the developing of services for families.

### **DATA PRODUCTION**

The data will be collected via Helsinki University e-form (E-lomake) in different social media platforms.

Personal data are processed on the following basis (Article 6.1 of the GDPR - General Data Protection Regulation of the EU): Task carried out in the public interest: Scientific or historical research purposes or statistical purposes.

The questionnaire does not include direct personal information (e.g. social security number, name, contact information), and it is answered anonymously. In principle, no special categories of personal data (i.e., sensitive data), as defined in Article 9 of the GDPR, will be processed.

### **DATA HANDLING**

The research material is stored on the Helsinki University and Åbo Akademi University servers. The material is treated confidentially and processed and stored securely so that only authorised people have access to it.

### **REPORTING OF RESEARCH RESULTS**

The reporting of the research results follows good scientific practice in order to protect the participants' identities.
