

Welcome to Langnet, the community of language research in Finland!

Langnet is a network for doctoral programmes in language studies of all Finnish universities. Langnet promotes postgraduate training in language studies in Finland and at the same time helps communication and discussion between Ph.D. researchers, their supervisors and the entire Finnish community of people working on language research.

Langnet has a website where you can find more information about Langnet's activities: <https://blogs.helsinki.fi/langnet-2016-2019/>. The website also contains information on current issues in language research in Finland and a calendar of events. In the calendar, you can find information on seminars, conferences and other interesting events.

Langnet has theme groups focused on different topics. The thematic groups are led by Ph.D. researchers. In addition, Langnet organizes annual summer and winter schools. In connection with them, it is possible to obtain up-to-date information on our academic field and researchers' work. Via Langnet, you can get to know Ph.D. researchers and senior researchers from different universities!

All language researchers are welcome to Langnet!

- Join *Langnet-kaikki* mailing list (instructions on the website).
- Follow Langnet on Facebook ([LangnetVerkosto](#)) and Twitter: [@Langnet_fi](#)
- Get involved in the activities of the theme groups (more information and contact information on the website).

If you have any questions or wishes concerning Langnet, please do not hesitate to contact Langnet's coordinator Lotta Aarikka (lotta.aarikka@abo.fi). You can also contact the Head of Langnet Urpo Nikanne (urpo.nikanne@abo.fi).

Urpo Nikanne

Head of Langnet (urpo.nikanne@abo.fi)
