

your future **made with** IBM

IBM Finland is now hiring consultant trainees!

IBM offers ultimate and penultimate year students a chance to join the biggest global technology and innovation company and build a career of your dreams while doing work that matters.

For over 100 years, IBM has been creating innovative solutions and products that have changed not only business, but also the world. Right now, we're working to integrate systems and technology to tackle the world's biggest challenges head on - from climate change to water conservation. There's a lot to do, and we need people with ideas. People just like you.

IBM Global Business Services (GBS) is currently recruiting trainees for the following positions:

- Management Consultant
- Data Scientist
- Solution Consultant
- Mobile/UX Designer
- Enterprise Applications (SAP) Consultant
- Application/Web Developer
- Project and Program Manager
- IT Architect
- Application Management Developer
- Sales Consultant

As an IBM GBS Trainee, you will be working with a wide range of global projects. You will analyze our clients' business needs and enable them to implement new, innovative strategies and technologies while learning from the best - experienced fellow IBMers. Furthermore, you will have flexible working hours that enable you to finish your studies during the internship.

We're looking for passionate individuals with different skills and fields of study to help us take on the burning challenges of the digitalizing world. **A qualified candidate is** fluent in both Finnish and English, has a bachelor's degree and preferably 6-12 months of studies left. You embrace challenges and have an interest in technology solutions of tomorrow. You are ambitious with self-drive, yet a team-player who is not only concerned about your own performance but also enables others to succeed.

Application period for each trainee position is Sept 14th – Oct 11th 2015. Learn more about our opportunities and apply in time by following the [link](#) and take a step towards career as an IBMer!
