

## **RELEX Solutions: Project Support/ Manager**

**Type:** Permanent, full-time

**Recommended background:** End of studies-Graduated

**Working hours:** 37,5h/week

**Requested starting date:** March 2017

**Location:** Ilmala, Helsinki

**Application DL:** Wednesday 18th January

*RELEX Solutions is Europe's fastest growing provider of integrated retail and supply chain planning solutions. Following its 2016 acquisition of Galleria RTS, RELEX also offers a space planning solution that business' use to maximise the sales potential of their fixture and floor space. Leading retailers and suppliers around the world use RELEX systems to cut inventory and wastage costs, boost availability, and increase sales and margins.*

*During the past 10 years RELEX has grown fast: we are a group of 250 employees with offices in the UK, Germany, Sweden, Norway, Denmark, France, Italy, in the US and our Helsinki headquarters. To boost its global expansion, RELEX accepted a €20M minority investment from global growth equity firm Summit Partners in 2015. We are a close-knit community combining start-up mentality with corporate reliability. We are passionate about growth, but we are also a profitable business.*

Join an ambitious team of smart people; all committed to RELEX's success! This is an ideal role for an entrepreneurial-minded individual who wants to be part of building a success story and to play a key role in our future growth. You are self-motivated and willing to take new challenges. RELEX, in turn, does its very best to take good care of its people!

As a Project/ Support Manager your role consists of pre-sales support during the sales process and supporting Project Managers in software implementation projects through all the phases of a project lifecycle. You will assist in performing business analysis at a strategic, operational, and organizational level and take part of designing, developing, and presentation of software demonstrations. You will support the sales team's initiatives through solution positioning, benefit analysis, completion of RFI's and preparation of ROI cases.

Your role will be customized to your current skillset and the focus can be on presales management, project management or/and support and account management. As you develop, your role also expands: you are able grow as a Space & Assortment Consultant who takes care of the whole project management.

Travel will be required to visit customers on a regular basis or occasionally to meet with the RELEX teams in our other offices. There will be an induction process of several weeks at the Space and Assortment Center of excellence in Stoke-on-Trent, UK and RELEX headquarters in Helsinki.

### **We look for:**

- Relevant university degree with an excellent academic record (e.g. Industrial Management, Logistics, Operations Research, Information Networks, Information Service Management, Marketing)
- Entrepreneurial and a get things done attitude
- Strong problem solving skills and analytical mindset
- Ability to understand SCM systems from both business and IT perspectives
- Eagerness to learn about retail category management and assortment planning
- Fluency in English
- Native level fluency in one of the following languages: Finnish, Swedish, German, French, Spanish, Italian

### **We consider as an advantage:**

- Prior relevant working experience (e.g. project management, client relationship management, risk management, software projects, space planning)

### **RELEX offers:**

- A front row seat in a rapidly growing and international software company
- A fun, ambitious and committed team of smart people to work with
- A respectful and professional, yet easy-going atmosphere where individual thinking is encouraged
