

# Towards a new innovative Helsinki 2020 curriculum

---

Day of Learning and Instruction, Faculty of Medicine, University of Helsinki

21st of August 2014

**Location:** The Day of Learning and Instruction is organized this year at **Minerva plaza (Siltavuorenpenger 5 A, Ground floor)**. Minerva Plaza is an engaging learning environment and a living laboratory where we can test new pedagogical and technological innovations. It is planned to support activating, engaging and collaborative learning.

**Target group:** The Day of Learning and Instruction is targeted to the faculty members and students and those interested in medical education.

**Aim:** The aim of the event is to invite the participants in discussion and collaboration in the medical curriculum reform in Helsinki, and to provide comparative insights from curriculum reforms and evaluations at the Karolinska Institute, Sweden and Harvard Medical School, USA.

## Program

- 09.00-9.10 Dean of Education Anne Pitkäranta: Opening of the day
