#### Digital Basic Competencies of a Professional Teacher

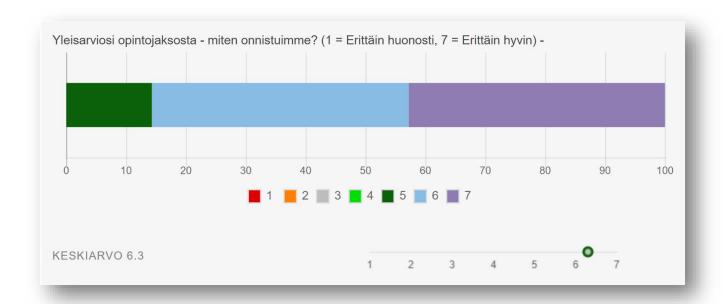

### Feedback from the course

"Sandbox Moodle was probably great for those who don't have Moodle but also for other users to test."

"It was really interesting to be able to test Moodle now from the teacher's point of view."

"It was really nice to be able to try all kinds of things with "sandbox". Learning by doing."

#### eTredu Helping Teachers to use Moodle

Unit at Tredu, which provides support for the use of digital tools

Provides hands-on Moodle training

Also provides learning design: what makes a good Moodle course?

- Contact learning
- Online learning
- Place for materials

We enable support and use!

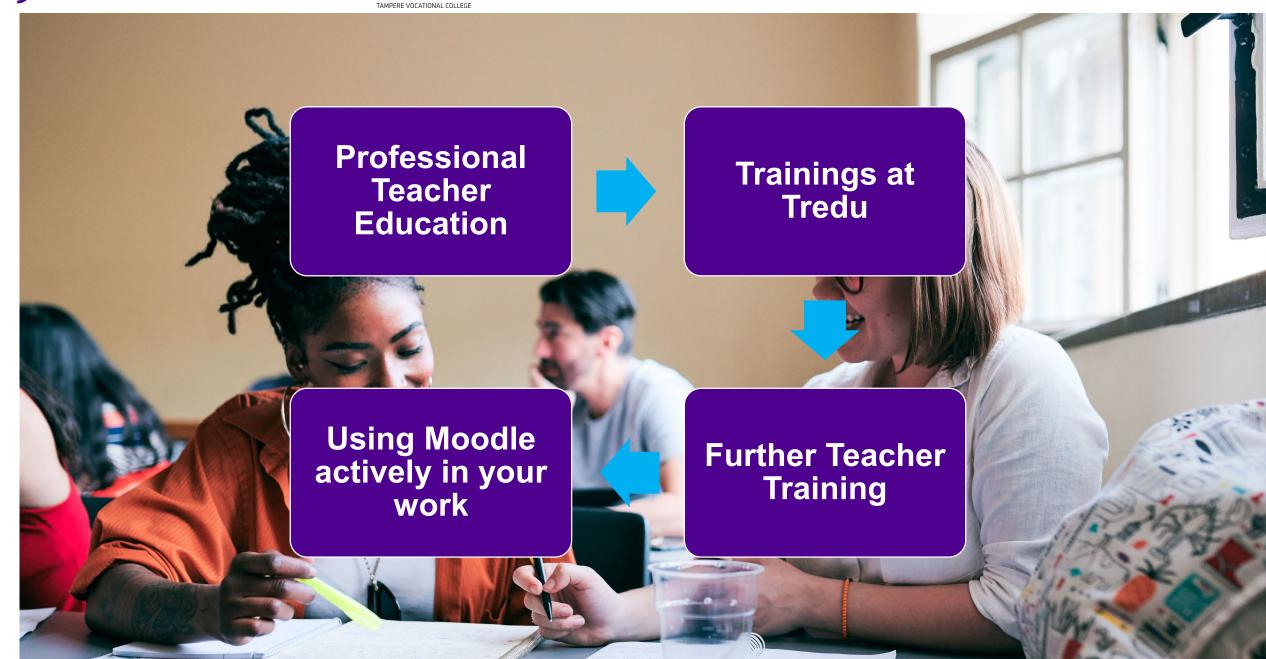

### Case: Workshops for common unit studies

- Updating online courses with common units in Moodle
  - Previous courses require reformatting and updating
  - Oworking together is the best!

"For once, different subject teachers have time to meet and plan courses together"
