ABOUT THE EVENT

The Nordic Education Research Congress (NERA) will be held at the University of Helsinki, Finland on 9-11 March, 2016. It is an international congress with participants from all the Nordic countries and some delegates from other parts of the world. The anticipated attendance is 800 participants, which consists mainly of researchers, students, teachers and other professionals interested in education.

The topical theme of the congress is the concern for the trend of segregation of education in the Nordic countries, which appears to be a threat to the promotion of equality and social justice. Therefore, the congress theme 2016 is Social Justice, Equality and Solidarity in Education?
