

Applied and
Computational
Mathematics

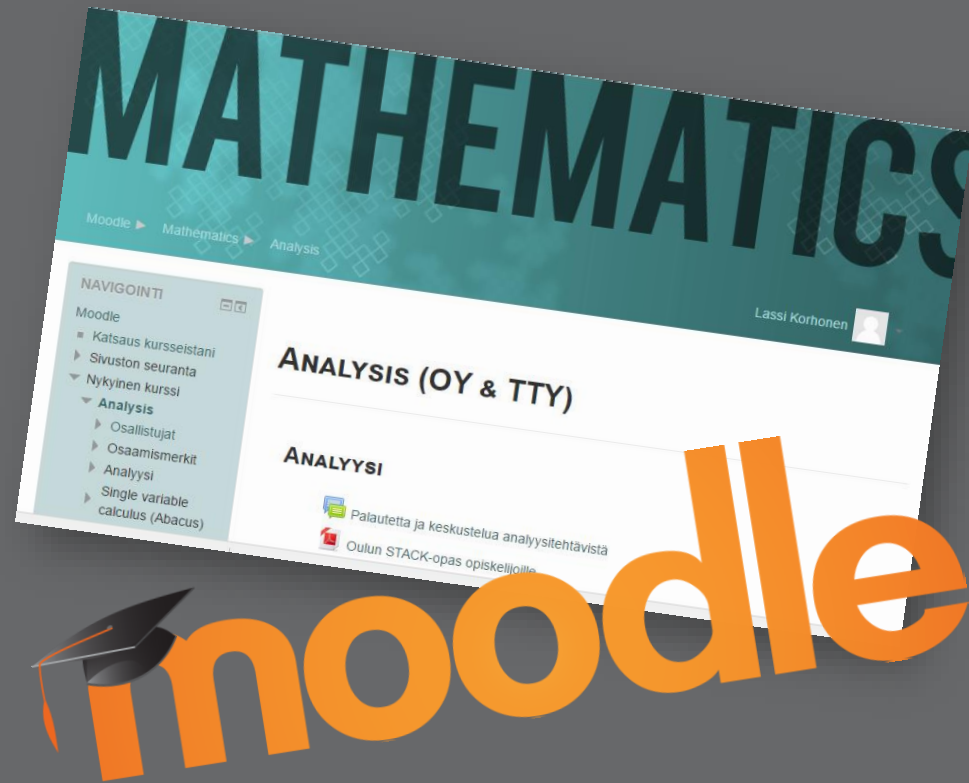

Who We Are and What We Do

- Responsible for teaching mathematics to engineering students at University of Oulu
- Few courses, lot of students
- 8 teachers and ~9000 credits/year
- Solid unit with tight cooperation in course development and teaching
- Open for new ideas and technologies in math education

At the Moment: Studying Year-round

- Creating possibilities for place and time independent learning
- Web based learning and training sets for retakes and summer studies
- Motivating students to prepare properly for exams (retakes)

Thank you!
